Software Engineering

SQL | Web Development | REST API's | Agile (Scrum) | Object-Oriented Programming | UI / UX | Postman | Android App Development - Android Studio | JavaScript | MySQL | Wireframes, Mockups, Prototyping, Copywriting | JSON | Git | problem finding, problem shaping, problem solving | Software Requirements Analysis | RESTful api | Python | Node JS

Cloud Computing

Cloud Computing (Google Cloud, AWS) | AWS - EC2

Other

Digital marketing | Search Engine Optimization | Video Making And Video Editing | Data Structure and Algorithms

PROJECTS

[01/05/2023 – 01/09/2023] **SkillUp**

SkillUp aims to revolutionize the way we learn by providing a dynamic and user-centric online platform. With a diverse range of courses, user-friendly features, and a seamless learning experience.

This project has been created as a part of the CSE412 software engineering course with the objective of enhancing our skills and knowledge in the field of software development.

Link: https://github.com/Shafayat1777/SkillUp

[01/02/2022 – 01/04/2022] **Bariwala**

Bariwala - is a smart solution for landlords to remotely manage their properties and tenants. It also helps tenants (users) to find a perfect home, pay monthly rent, complain to the owner and many more.

Link: https://github.com/fahimrayhan/bariwala

[01/11/2020 – 31/12/2020] **Smart QR Code Scanner**

A simple easy-to-use android app for scanning QR Codes; It uses Android Jetpack CameraX library for previewing the camera and image analysis along with the ZXing open-source bar code scanning library.

Link: https://github.com/fahimrayhan/Smart-QR-Code-Scanner

[11/2020 – 12/2020] **Weather Update**

An easy-to-use android app which provides real-time weather updates based on locations/cities.

Link: https://github.com/fahimrayhan/Weather-Update-Android-App

[04/2022 – 04/2022] **Book List**

Booklist is a simple web app for creating a personal reading list. This project has been done for deep diving into React Context API

Link: https://github.com/fahimrayhan/booklist

HONOURS AND AWARDS

[13/11/2022] **AWS Educate Getting Started with Compute Awarding institution:** Amazon Web Services Training and Certification

Earners of this badge have completed the Getting Started with Compute training and achieved the required scores on the post-course assessment. They have demonstrated the ability to describe different types of compute and use Amazon EC2 to create a compute instance.
